## Bridgets.

—Regular monthly meeting night of the fire police.

—Oriental Lodge No. 22, Knights of Pythias, regular weekly meeting night.

—The Choral Union will meet at Court Street M. E. church, at 8 o'clock this evening.

—Janesville City Lodge No. 90, I. O. O. F., regular weekly meeting this evening, at Odd Fellows hall.

—The board of education will hold an adjourned meeting this evening at the common council chamber.

—Western Star Lodge No. 14, A. F. and A. M., regular semi-monthly communion this evening, at Masonic hall.

—Harold F. Sayles, the evangelist, will probably devote one of the next Sunday services to a discussion of "Amusements."

—The case of the slate against Henry Raay for an assault upon Henry Terwilliger, of the town of Rock was brought up this afternoon.

—The residence of Henry Pentland, on Broad street, Beloit, was damaged to the extent of \$1,000 yesterday forenoon by fire and water.

—A heavy frost prevailed in this section of country last night. All tender vegetation, such as tomato and pumpkin vines, and house plants remaining out doors unprotected, were killed.

FREE—To every lady making purchases to the amount of one dollar—a bottle of Austin's "Forest Flower" cologne—during our opening, Oct. 8th, 9th and 10th. NEW YORK SAVING STORE.

—Janesville was not very heavily represented at Milwaukee last week, judging by the number who registered at the Harold reading room. The only people whose names appear on the books are H. C. Sears and S. A. Mills.

Great combination "Opening" and bargain sale at N. Y. Saving Store, Thursday, Friday and Saturday, Oct. 8th, 9th and 10th. All the latest novelties in millinery and fancy goods. Attractive special bargains in all departments.

A special feature of our "Opening" will be our display of trimmed hats—We shall show from 50 to 100 distinct styles—A number being elegant New York pattern hats which cannot be duplicated—Thursday, Friday and Saturday—this week.  
N. Y. SAVING STORE.

—The Court Street church people and their friends made merry last evening at the home of Mr. and Mrs. R. J. Clemens third ward. The entertainment was a fruit social and provoked much fun, especially when the produce was sold at auction after all had done justice to the supper.

—The Gazette office just now is favored with a choice bouquet from some thoughtful friend almost every day. Mrs. Caldwell presented the office this morning with a rare collection of blossoms and Mrs. J. P. Plumber, of South Main street, contributed a similar collection this afternoon. There is nothing quite so pleasing as a broad Hibernian smile.

—Ex-Sheriff H. J. Skavlen, who is now up at Mayville, in Northern Dakota is having much fun with the boys, judging from the tone of the following "post-al" written by him to a friend in this city: "After shaking hands with old friends and 'catbong' on to new ones, I am one of the 'boys' again. Running parties are out to the hills every day and abundance of sport is reported, though their showing on 'coming in' has been somewhat of a lull. I have not been out yet, but the meat market has been notified not to lay in too large a stock of meat next week, as the 'game' is in the land and ducks are expected to become exceedingly tame. The weather has been warm and dry since harvest, and grain is in fine condition; No. 1 hard 73 cents to-day. Collections good."

## Personal.

—Miss Belle A. Dickerman is visiting friends in Chicago and Green Bay.

—Mrs. E. A. Dickerman and son, Mr. Fred L. Dickerman, of the first ward, are visiting friends in Iowa.

—Mrs. Wm. Kennedy, of Appleton, is making a brief visit with Janesville friends, the guest of Mrs. John Baker.

—Mrs. G. W. Carpenter, of Minneapolis, and Mrs. Fike, from Monticello, Minn., have returned to their homes, after a brief visit with the family of Dr. and Mrs. S. A. Pond.

—Mr. Charles Hopkins, formerly night clerk at the Park hotel, Madison, is now established behind the counter of the Grand, where he looks after the midnight arrivals.

—Mr. and Mrs. T. S. Nolan, of Harold, Dakota, are in the city visiting relatives and friends, and are at present guests of Mrs. Nolan's mother, Mrs. E. D. Mundock North Franklin street, first ward.

—Mr. Dan. L. Brand, of Carrollton, Missouri, is in the city shaking hands with old-time friends. Mr. Brand resided in Janesville for several years previous to the late war. During the war he enlisted in the 12th Wisconsin battery, in which organization he remained until the close. He then went to Carrollton and with his brother engaged in publishing a newspaper, the Carrollton Journal, which he has, with the exception of a few months spent on the Pacific coast, continued ever since. This is his first visit to Janesville since 1865, and his many friends are right glad to see him.

## The Weather.

At seven o'clock this morning the thermometer indicated 33 degrees above zero. Clear with northwest wind. At one o'clock p. m. the register was 54 degrees above zero. Partly cloudy with northwest wind. For the corresponding hours one year ago the register was 51 and 79 degrees above zero.

## 643.

The above figures represent all the farmers in Rock County that the Gazette management after careful investigation, has been able to find, who are not regular subscribers to the weekly Gazette. 643 sample copies were mailed last week to these non-subscribers, thus covering the county completely with the old county paper. The same number of sample copies will be sent out this week. City merchants will do well to make a note of this. Advertisements for the weekly must be in the office as early as ten o'clock, Wednesday, a. m.

30 stylish Stockingette New Markets just received at Archie Reid's.

## CITY GOVERNMENT.

The Gas Light Committee Report Adversely to Adopting the Electric Light in the Business Center.

The Report Unanimously Adopted by the Council

The Street Railway to be Considered on Thursday Evening.

The Wisconsin Business Committee of Last Night's Session.

A regular meeting of the common council was held at the council chamber last evening, at which Mr. President Croft presided, all the aldermen being present except Ald. Rooney.

The city clerk read the journal of the meetings held September 7th, 21st, and 28th, all being approved as read.

The September report of the board of education, showing expenditures for the month of \$917.00, was read, referred to committee on school, found correct, ordered published and placed on file.

The September statement of the judge of the municipal court was read and placed on file.

The clerk read a number of bills against the various funds, which were appropriately referred.

Ald. Burnham, of the finance committee, reported in favor of allowing a miscellaneous fund of bills presented at the last meeting, aggregating as follows:

General fund	\$11.50
First ward fund	1.00
Second ward fund	1.00
Third ward fund	1.00
Fourth ward fund	1.00
Fifth ward fund	1.00
Sixth ward fund	1.00
Seventh ward fund	1.00
Eighth ward fund	1.00
Ninth ward fund	1.00
Tenth ward fund	1.00
Bridge fund	1.00
Total	\$47.50

The report was concurred in.

Ald. Burnham, of the finance committee, reported the September report of the city treasurer as correct; placed on file.

Ald. Burnham, of the gas light committee, to whom had been referred the proposition of Captain Norcross to light Main, Milwaukee and River streets by the electric light, made a statement regarding the cost of the electric light as compared with gas, the figures being the same as already published in the Gazette.

Ald. Burnham stated that the committee had held a meeting for the purpose of considering the question, and after hearing both Capt. Norcross and Supt. Merrill, were of the opinion that the gas fund would not warrant the expenditure, and therefore reported adversely to adopting the electric light. The report was unanimously adopted.

Ald. Burnham, authorizing the city clerk to draw an order, payable from the general fund, in favor of L. F. Patton, for \$216.65, being quarter's salary as municipal judge for quarter ending September 27th. Adopted.

Ald. Judd—instructing the street commissioner to repair Glen and East streets. Adopted.

Ald. Fathens—that a gas lamp post be erected in the center of north side of Milwaukee street bridge, and at the south side of Court street bridge. Referred to telephone committee.

Ald. Leamart stated that a large number of the property owners on Academy street had presented a protest against the proposed extension of that street south to the river, he therefore moved that further action on the extension of the street be indefinitely postponed. Adopted.

Ald. McLean moved that Messrs. Thomas Mackin, J. R. Bleasdale and Eram Merrill be notified by the Marshal to put up lights and proper guards on West Milwaukee street in front of the buildings being erected by them. Adopted.

Ald. Daly moved that the owners of the above building cause a passage way to be made next to the sidewalk, for the use of pedestrians. Adopted.

Ald. Croft, from the highway, street and bridge committee, to whom was referred the matter of the proposition of Mr. A. J. Holmes for a street railway, reported that an ordinance had been drawn up under the supervision of City Attorney Smith and Mayor Wisnans, and had been referred to the Business Men's association for their consideration and approval. He expected that action would be taken on the matter by the association and the council be notified, but as yet nothing had been heard from them.

Ald. McLean moved that when the council adjourn, it be next Thursday evening at 7:30 o'clock (he considers the subject of street railway. Adopted.

Ald. McLean moved that the marshal enforce the ordinance pertaining to throwing refuse matter in the river. Adopted. On motion adjourned.

## The Mikado.

To-morrow evening "the Mikado" will make his brief appearance at Myers opera house, under the direction of Mr. Sydney Rosefield, the New York author and manager. This is very likely to be the only opportunity the people of this city will have to hear and see this opera, which is declared to be Gilbert and Sullivan's best work. It is a Japanese concert in two acts. The music even has a Japanese smack to it, and the Japanese national march is introduced upon the scene, for the hand of Yum Yum, the beautiful ward of Koko. It is very interesting, and full of unexpected and humorous turns. The characters work themselves up into the most embarrassing and dangerous tangles, and are suddenly and destructively unbound in a way of which only the unapproachable Gilbert is capable. There is a great deal of beautiful chorus music in the opera, and an unusually large number of funny and catchy songs. From the talk one hears one the streets it seems that nearly everybody desires to hear "The Mikado," and a crowded house is expected. Reserved seats, which are only 75 cents, are selling rapidly at Prentice & Evenson's drug store, opposite the Post Office.

VENTRIC HYPERTROPHY, CONGESTION—ALL Nervous Disorders in fact—are cured by Samartian Nervine.

"My wife had fits for 30 years," says Henry Clark, of Fairfield, Mich. "Samartian Nervine cured her." Your Druggist keeps it \$1.50. Sold by Prentice & Evenson.

What We Shall Dance.

The society people, says the Madison Journal, will be interested to know what are to be the popular dances the coming winter. Few new dances are yet out, but a new Highland schottische is said to be the society dance of the season. It is imported from England and Scotland, and will be introduced in all the first-class academies as soon as the dancing season opens. Technically it is a combination of the Highland fling and the galop, and it has raised a furore among the Scotch lads and lasses, and has also found exceptional favor among the fashionable of London and Liverpool. It is said to be a thing that no description can do justice to. It must be seen to be fully comprehended. A new glissade interlude is the distinguishing feature of a new waltz quadrille called the Glissade Polacca. Several wild exaggerations of the waltz and polka are to be eliminated from the art. Among the offensive attitudes that are to be banished from all well regulated ball rooms are the holding of the arms akimbo, and the dip motion and the side-step waltz, and the carriage of the body both upright, as if the dancers were a lot of figures being twirled around on an old-fashioned hand organ. For the especial benefit of the children, it has been agreed by the dancing masters of the country to revive the Varsoviense round dance, and teach the little ones the skating waltz and the Danish polka also. In the skating waltz four gliding steps are introduced before the regular waltz step is executed, and the variation produces a stately minuet motion that enhances the picturesque effect of the dance for the spectator and renders it less tiring for the dancer than the regular waltz. The forward glide is executed as though the dancer was skied with skates, and this movement is found to greatly delight the little lads and lasses when they dance. The polka step this year will be a radova glide movement that does away with the hopping motion of the old-fashioned polka. It will be danced by children. The old three-step waltz will continue to enjoy favor in polite circles.

Death of George Harvey.

The Chicago Evening Journal, of last evening, contained the following: HARVEY—October 4, at 2:37, 1409 avenue Granger HARVEY is this date.

Funeral services, Tuesday at 4 p. m. Interment at Janesville. Friends requested not to bring flowers.

The above is all that is known here regarding the death of Mr. Harvey. Messrs. Britton & Kimball, the undertakers, yesterday afternoon received a letter from Chicago, requesting them to have a grave prepared on the family lot by Wednesday; that the remains would leave Chicago on Wednesday morning, reaching this city at 1:15, going direct to the cemetery.

For many years the deceased with his family resided in this city, where they enjoyed an extended acquaintance. But a few weeks ago the deceased was in Janesville, in apparent good health, and his sudden and unexpected death will be regretted by many who were friends and neighbors of the family while they resided in Janesville.

A Great Improvement.

The block of brick stores now being put up on Milwaukee street, west of Jackson, will add greatly to the appearance of the city. The wooden buildings which had been there so long were anything but ornamental, and the change now being made is a good one. Two of the buildings are now nearly finished as far as the mason work is concerned. The corner store belonging to Thomas Mackin and built by Daniel Downing is now three stories high and is roofed over. Hon. Eram Merrill's two-story building is not yet ready for the roof, but is being pushed as rapidly as is possible. Besides these two the foundations of two or three other stores are now being laid by Mr. Ed. Rathern. They are owned by Thomas Mackin and J. R. Bleasdale, and will be 66 feet long, 32 feet wide and two stories high.

The Kaddy River.

Life is the blood. From it the system receives all its material for growth and repair. If but a very small portion of the body. How necessary then, that the blood should be kept pure and rich. Dr. Pierce's Golden Medical Discovery is the great blood purifier and blood purifier. It is a powerful remedy for all diseases due to impoverished blood, consumption, bronchitis, weak lungs, scrofula, influenza, and kindred diseases.

Emerald Grove.

We should have mentioned last week the arrival of Mr. and Mrs. Frank Wetmore in their new home, formerly the Van Allen estate. We should judge from appearances that they are very comfortably situated. Frank is just the kind of man we want here.

There was quite a sprinkling of snow to be seen on our streets last Monday morning.

W. D. Hastings is in Chicago buying a full and entire lot. Look out for new goods next week.

Mr. Chas. Brown, of Richmond Center, is visiting with his brother, J. C. Brown, of this place.

Mrs. Hon. Andrew Barless returned from Northville Dakota, last week after spending a short time at the home of Mrs. J. Eddy. Mr. Robert Brown also arrived home from Dakota on Thursday last. Rob. says he is very much pleased with the country. But there is one thing there that we guess Rob. values higher than the beauty of the country.

George Becley, M. C. is the owner of a fine horse weighing 1300 pounds. It is hard to beat George on garden truck.

The latest news from the California party is from Salt Lake City, U. T. They are all enjoying good health but are complaining of their treatment from the railroad company.

Evansville.

Burr Robbins came here last Saturday and was fairly attended.

Word of praise is due to Mr. Robbins as he was the quietest set of people with his show that we ever saw.

Several of the women of the suffrage society, of the place, attended the association at Whitewater last week.

Borse buyers are in town buying horses, weighing from 1200 to 1400 pounds.

W. H. Johnson is going to move back on to his farm at Union in the spring.

The truck factory is idle at present waiting for iron.

A. B. McKinney is building a new store. The building will be made of brick, furnished by the Evansville brick yards.

We saw Geo. Rummel in town the other day with a handful of nice mallard ducks, he having shot so many that he had to come to town to dispose of them.

The young man from the country who was seen on the streets last Saturday in an intoxicated condition was cared for in the village stone hotel where all such take refuge.

## PUBLIC IMPROVEMENTS.

Street Railway and Water Works Considered at the Business Men's Meeting Last Evening.

Shall we Advance with the Spirit of the Age, Or Stand Still and Decay by Easy Stages.

The rooms of the Business Men's association were crowded last evening with a good representation of the business men of the city. After reading the minutes of the last meeting the regular order of business was dispensed with and the matter of a street railway was made the special order of business. This action was deemed advisable in order that some action might be taken in the matter by the way of endorsement for the common council which was in session. President Norcross by request read an ordinance which had been presented to the common council granting to Mr. A. J. Holmes the privilege of laying and maintaining a street railway on such streets as he might select. After some discussion, a motion prevailed by unanimous vote that it be the sense of the business men's association, that the ordinance be passed by the council. A committee of six gentlemen were appointed to wait upon the council and present the resolution adopted. Some time was consumed in securing a list of the names of members present, and in the meantime the council adjourned to Thursday evening next, when they will convene to hear the report of the committee.

Mr. Holmes is an old Rock county man, and will be remembered by many of our readers. His proposition, which has been carefully revised by the city attorney, seems to cover every point of advantage to the city, and the Gazette is at least to conceive why there need be any opposition to the movement. It would no doubt be difficult to place \$40,000 worth of street railway stock in the city but when a responsible party like Mr. Holmes comes to us and says that he will build and operate the line to the satisfaction of the city, if we will grant him the privilege, he is certainly entitled to encouragement and a hearty welcome, which he will doubtless receive at the hands of the common council.

The question of water works was introduced by the committee on public improvements, who presented a proposition to supply the city with water from the well known and reliable firm of Goodhue & Birney, of Springfield, Mass. This firm have been so fortunate as to secure the plants for water supply in some seventy cities in different parts of the country. They come with the highest endorsement, and the proposition made to our city in detail, is equitable and worthy of careful consideration.

The interest of the hour prevented a free discussion, and the meeting adjourned to next Monday evening.

It is true that this action on the part of the business men's association may go in to smoke, as many similar enterprises have done, but the starting point of any line of public improvement for the public good must be vested in some kind of an organization, and if as a result of this preliminary movement, a water supply system is secured, the work of the Business Men's association will be recognized and commended.

Every man, unless he be hide-bound or cranky, will admit that our city would be vastly benefited by a complete system of water works. The Gazette believes that a very large percentage of our tax-payers endorse this sentiment.

The Gazette also believes that if as a city we are compelled to pay for a water supply until the tax payers vote to furnish the same, that the present inhabitants will expire by limitation, long before the end is reached.

With this conviction, and believing that the time has come when some action should be taken in the matter, we cheerfully commend the consideration of any practical proposition on the water question.

Society for the last hundred years.—A remedy for catarrh, hay fever and colds, the best found or lost in Ely's Cream Balm. Safe and pleasant to use, and easily applied with the finger. It gives relief at once and a thorough treatment positively cures. Price 50 cents.

For all forms of nasal catarrh, where there is dryness of the mucous membrane, with what is commonly called "stuffy nose," especially when going to bed, Ely's Cream Balm gives immediate relief. Its benefit to me has been priceless.—A. G. Chase, M.D., Millwood, Kas.

Fire at Broadhead.

The following dispatch has been received from Broadhead:

BROADHEAD, Wis., Oct. 5th.—The warehouse of Taylor & Peck was destroyed by fire between nine and ten o'clock last night. The building contained eighty cases of leaf tobacco and considerable finishing lumber. Incendiaryism is the supposed cause of the fire.

The Illinois-Lake Exposition.

Saturday last, "Children's Day" saw the largest attendance so far of the exposition season, and was the greatest railroad day in the history of the Association. About 10,000 people visited the great Exhibition, but the vast building held them all comfortably and had room for more. It was a happy, orderly, and well pleased throng, observant and appreciative of the many objects of interest and instruction, and the exhibition is crowded. The beautiful booths with their fine displays of manufactured goods, the novel processes in operation, the machinery department full of engines, great and small, and strange and curious machines, turning out brand, rings, saws, tinware, sewing machines, laundry work, &c., &c., all were surrounded day and night with delighted people, who felt the truth of the Exposition management's advertisement of "A World of Interest, Instruction, Amusement and Entertainment."

The Howe Scales have all the latest improvements. It is true economy to buy the best. Jordan, Sellock & Co., agents, Chicago, Ill.

Advice to Mothers.
